SENDS THEM HOME

King-Emperor Josef Disbands His Parliament.

CRISIS IN AFFAIRS OF AUSTRIA AND HUNGARY.

Ministers Without Exception and Contrary to all Precedent Failed to Appear.

STATE PAPER EXPLAINS THE NECESSITY FOR ACT.

Budapest, Oct. 10.—Parliament was prorogued today by royal rescript until December 10.

Acting Premier Baron Fejervary and his colleagues did not attend the brief sitting of parliament. The baron merely sent the president of the lower house the rescript signed by the King-Emperor Francis Joseph proroguing parliament and explaining that the step was necessitated by the fact that no success had been attained in forming a new cabinet on a basis which would secure parliament against disorder.

Shouts of "scoundrels" and similar epithets mingled with queries of "Where is the constitution?" greeted the reading of the rescript, but there were no cabinet minister present to take note of the insults. Count Julius Andrássy rose and denounced the ministers who, contrary to precedent, had failed to appear before parliament.

Great Confusion.

It was expected that when parliament reassembled today it would face a situation of the greatest confusion. The compromise programme which the coalition leaders requested Herr Von Szogyenyi-March, the Austro-Hungarian ambassador at Berlin, who is at his estate at Csor, Hungary, to submit to the king-emperor, has seemingly proved a failure, as his majesty has not yet indicated any intention to receive the Ambassador for this purpose.

All possible steps have been taken to secure order during the sitting. The coalition leaders have abandoned their original intention to disregard the royal message against proroguing the Diet. They will protest against proroguing, but will respect the king-emperor's message.

No serious street disorders are feared.

Impeachment.

It is reported that the coalition parties have decided to abandon the proposal to move the impeachment of the Fejervary cabinet.

It was understood that Baron Fejervary would make a statement to the house to the effect that a new government has not yet been appointed, and that, therefore the house will be again prorogued.

Count Julius Andrássy read a resolution of protest, adopted by the coalition yesterday, declaring that the continued prorogations of parliament are unconstitutional, because they render it impossible to impeach the Fejervary cabinet, while the coalition, being a parliamentary majority, should long ago have been entrusted with the direction of the government. The resolution further declares that the existence of the Fejervary cabinet is nothing but absolutism.

It is reported that all of Baron Fejervary's present colleagues will remain in the new cabinet, with the exception of the minister of agriculture, Andreas Gyorgy, who will be replaced by Baron Feilitzsch, vice-president of the lower house.

Report of a Compromise.

Budapest, Oct. 10.—This city is stirred by the report that an important compromise between the government forces and the coalition leaders is impending. Francis Kossuth, when approached on the subject today, declined either to confirm or deny the report.

Outbreak Inevitable.

Berlin, Oct. 10.—Hungary is not yet ready to follow Norway's example, said the editor of an important Magyar daily newspaper today. "We find ourselves in much the same position that Norway was in a couple of years ago, and we require an equal amount of time to prepare for the inevitable outbreak."

"The faithfulness of the Magyar officers to the king is only beginning to waver. Half the rank and file of the army, not being Magyar by birth, would shrink at the decisive step because they knew that Hungarian independence can only come through hor-

rible bloodshed, followed by repeated revolts of the non-Magyar element of the population.

"The great powers of Europe must arrive at a settled Austro-Hungarian policy before we can act. There are unmistakable signs that Russia and Germany have already worked out such a policy and are prepared to recognize an independent Hungary. When France and England shall also be convinced of the futility of maintaining the dual monarchy by force, then the Magyars will feel strong enough to revolt in spite of the resistance of other elements.

"Even Norway first sounded the powers and got their assurances that they would not interfere before it took definite steps to sever its union with Sweden."

DESPERATE NEGRO FIRES INTO CROWD.

Three Children Shot—One Receives Bullet Near Heart.

Memphis, Tenn., Oct. 10.—Wild with rage because of the ridicule of several small boys in front of the Bijou theater, on Main-street last night, an unknown negro emptied his revolver into a mass of people. One boy is dying, another is dangerously wounded and a negro girl received slight injuries. Fatally injured: Peter Davis, aged 14 years; shot near the heart; seriously injured. Hall Burton, aged 13 years, shot in the thigh; Sarah Collins, aged 11, shot in the hand.

A large crowd was gathered in front of the theater when a negro passed. Several small boys greeted the negro with cat calls and obstructed his passage. The negro became infuriated and, drawing a revolver, fired at his annoyers. He then made a hasty flight and has not been apprehended.

CALL THEM TODAY

SILVER SERVICE COMMITTEE MEET SCHEDULED FOR TODAY.

Board of Works Holds Its Regular Meeting This Afternoon—Hopkinsville Job Done Shortly.

Mayor Yeiser expects to call together today the committee that is to look up the legal phase and determine whether or not the municipality can lawfully allow out of the public treasury the \$500 the Daughters of the Confederacy want the city to donate to purchase the silver service set that will be presented the gunboat Paducah that is named for this place. The mayor has intended calling together this body for the past few days, but so many important public questions came up to engage his attention that he has not had the time to assemble the committee, but said yesterday he expected to have them meet today. It consists of himself, Alderman Davis, Councilman Ingram, City Solicitor Campbell and Mr. Stanley DuBois, latter of the Commercial club.

Finish in Three Weeks.

Word from Contractor Charles Robertson and George Gardner is that they expect to finish by the first of next month the sanitary sewerage system they are installing under the streets of Hopkinsville. Completing the work they return here.

Board of Works Today.

The board of public works holds its regular weekly session this afternoon at the city hall.

ILLINOIS WILL NOT BUTT IN.

Will Wait for Insurance Committee to Get Through.

Chicago, Oct. 10.—A dispatch to the Tribune from Springfield, Ill., quotes Gov. Deneen as follows: "At the present time the Illinois authorities have not the slightest idea of interfering with the insurance investigation committee in progress in New York. We have arrived at this decision only after careful consideration. We have kept in touch with the inquiry there by letter, by telegraph and by telephone."

"The investigation now in progress is manifestly so searching and so fair that I believe that any counter investigation by our insurance officers naturally would do more harm than good."

Germany will accept Russia's invitation to attend the second peace conference on condition that the points to be discussed shall be arranged in advance among the powers.

MISSIONARY

WENT ON TO MURRAY AFTER VISITING MRS. JAS. LANE.

Conference Tonight at Broadway Methodist Church—Mayfield Presbytery Starts.

Miss Alice Walters has gone to the home of her mother in Murray, after spending several days here with her cousin, Mrs. Jas. Lane, of South Tenth street, near Clark, while en route home from Baltimore, where she has been attending the national convention of missionary workers and societies for the Methodist churches.

Miss Walters is of Murray, where all her people reside, but for the past eight years she has been a missionary for the Methodist denomination at Shanghai, China. Last July she got one year's vacation and came to this country to spend same. She has been with her relatives at Murray but several weeks ago went to Baltimore to attend the missionary gathering which has now closed. She reached here Saturday on her way back, and proceeded on to Murray Monday. She will remain in this country until next spring, when she returns to her field of labor in the foreign land.

Minister Returns.

Rev. T. J. Newell was out of the city yesterday on business, but will return today, as tonight his church holds its last quarterly conference before the annual conference.

Mayfield Presbytery.

The Mayfield Presbytery met yesterday for a three days' session at the Cumberland church three miles from the city.

COUNT WHITE OPPOSES.

Wants No Understanding With England It Is Said.

St. Petersburg, Oct. 10.—Foreign Minister Lamsdorff denies that he is to make a trip to Paris and Berlin for the purpose of creating an anti-British dread.

Count Witte, who headed the pro-German party, opposes the proposal that there should be an understanding between Russia and Britain.

GROGERS SUIT

CLARK, GIVEN & CO. SUE KNIGHT & GIVEN ON ACCOUNT.

Judge W. M. Reed Has Finished Everything Except Signing up the Orders.

Clark, Givens & Co., the wholesale grocers, yesterday filed suit against Knight & Givens, the retail grocers of Sixth and Trimble streets. The sum sued for is \$71.83 that is due for goods plaintiff furnished defendant. The action is an attachment proceeding instituted in the court of Justice Barber.

Shantyboater Pulled.

James Clark, white, was arrested yesterday by Constable A. G. Shelton on a warrant charging him with cursing and threatening Dock Foster, at their shantyboat down below the Illinois Central railroad incline to the north of town. Clark will be tried tomorrow morning at 10 o'clock before Justice R. J. Barber.

All But Orders.

Judge W. M. Reed returned yesterday at noon from Benton, where he has finished hearing cases, and dismissed both the juries. Next Saturday he goes back there to sign up all the orders, and adjourn court until the next term.

LOOP-THE-LOOP WOMAN ARRESTED.

Hopkinsville, Ky., Oct. 10.—Madeline McIntire was brought here from Paris, Ky., this morning on a grand larceny charge, brought by W. A. Snider, of the Parker Carnival company, which was here last week. The woman looped the loop in a ball with the carnival company, but last Friday she left them and went to Paris, where she joined the Robinson Carnival company. When she left, it is charged, she took with her a diamond ring of Snider's which she has been wearing, and Snider immediately swore out a warrant for her arrest.

TEMPLARS

DEGREE WORK DONE BY THE KNIGHTS TEMPLAR YESTERDAY.

Medical Society Gathers This Evening With Dr. Bass—Elks Meet Tomorrow Night.

The Knights Templar commandery yesterday afternoon and last evening was at the Fraternity building conferring the degrees upon a class of four candidates. The commandery started the work in the afternoon and at 6 o'clock those there were served with an elegant banquet by the ladies of the Eastern Star at the lodge room. After the repeat the degree work resumed and took until 11 o'clock last evening to finish.

Medical Society Tonight.

This evening the McCracken County Medical society will hold its meeting with Dr. W. J. Bass at his office on Broadway between Fourth and Fifth streets. This is the first of the winter sessions which are held every two weeks in the city, while the summer gatherings are only one a month out in the country.

Odd Fellows.

Tomorrow night Mungum lodge of Odd Fellows will meet at the Fraternity building, while the next evening Ingleside lodge meets. At the respective sessions reports will be made of the Shelbyville Grand Lodge meeting by the local delegates who will return tomorrow.

Elks Tomorrow.

Tomorrow evening the Elks' lodge will hold its regular weekly meeting at their assembly hall on North Fourth street.

CONVICT WITH LIFE SENTENCE.

Murderer of Finnish Procurator—General Escapes.

Helsingfors, Finland, Oct. 10.—Hobenthal, the murderer of Soisalon Soinen, the procurator-general of Finland, escaped during the night from the prison here, where he was undergoing a sentence of imprisonment for life.

NEW FLATS

WORK HAS STARTED ON THOSE FOR MRS. CLARA HECHT.

Mr. George Wallace Decided Not to Move Elsewhere—First National Bank's Charter Renewed.

Yesterday morning work was started for the flat building Mrs. Clara Raddie Hecht will erect at Fifth and Adams streets. Contractor Lockwood got the contract for the structure which goes up right away. It will be two story brick, with four flats in the building, each flat to contain five rooms. The house will be finished by the last of next month. The plans for same have been completed by Architect O. D. Schmidt who drew same.

Officers Chosen.

The Paducah Pottery company (Bauer's plant) has held its election of officers under the re-organization. J. Andy Baker, of here is president; F. W. Butler, of Akron, Ohio, vice president; W. W. Pope, of Akron, Ohio, secretary; H. B. Manton, of Akron, Ohio, treasurer. The directors are J. Andy Baker, J. S. Porter of here and B. W. Robinson, H. B. Manton and F. W. Butler of Akron.

Will Not Leave.

Mr. George C. Wallace, of the street railway company, stated yesterday he had definitely decided not to move to Atlanta, Ga., after he disposes of his interests in the car company when the new owners take over the plant next week. He has big interests in that Southern city and thought seriously of moving there, but has now decided to remain here. This is pleasant news to his hosts of friends.

Charter Renewed.

Yesterday President Robert L. Reeves, of the First National bank received a telegram from Washington, D. C., announcing that the charter of the local financial institution, had been renewed for a period of twenty years, dating from yesterday, which

was the fortieth anniversary of the existence of the banking house that is the strongest in the state outside of Louisville.

New Buggy Exhibited.

The first buggy the Hardy buggy company turned out of its plant has been presented the Commercial club, and is now on exhibition at Weille establishment, as is the finest set of harness donated the club by the Paducah Saddle works, of Fourth and Jefferson streets.

Takes New Job.

Yard Clerk Clarence Graves, of the I. C., has resigned to go to Topeka, Kas., and accept a place with the Rock Island, under Chief Dispatcher Neal who gave up his position here last week to accept the Western place. T. B. Pugh succeeds Graves. The former has been in the office of General Agent Donovan at the freight house.

TENNESSEANS AMONG LAND FRAUD VICTIMS.

Kansas City, Oct. 10.—Wm. J. Morgareidge and W. J. Howey, constituting the 'Frisco' Development company, were arrested by a deputy United States marshal yesterday, charged with violating the United States lottery laws and using the mails to defraud certain Missouri, Kansas, Kentucky and Tennessee home-seekers through a "get-rich-quick" land scheme. The men were arraigned before United States Commissioner Nuckles, who placed their bond at \$500 each and set their trial for October 23. The land scheme which they operated is said to have netted them \$33,000. It is said that innocent purchasers were induced to pay \$30 for small town lots which were a part of land that was worth only \$5 an acre.

FOR SEVEN YEARS

SPECIAL POLICE PRESNELL HAS SERVED THE MERCHANTS.

Patrol Wagon About Completed at Blacksmith Morgan's Shop—Bad Dollars in Circulation.

Yesterday closed the seventh year of the service of Merchants' Police-man James Presnell who has made one of the most efficient and prompt officers ever serving in that capacity. For seven long years he has watched after the safety of the business houses in the commercial district, and during that time has lost only about twenty days, except for the seven weeks he was out of the city visiting. He has served faithfully and with credit, and many shrewd pieces of work are accredited to his commendable record that compares favorably with any.

Accused of Cursing.

Yeiser Ripley, a young white man, was arrested yesterday by Officers Hurley and Singery on the charge of cursing a man named Frogge.

Patrol Wagon About Done.

Blacksmith Edward Morgan, of South Third street has about completed work of repairing and repainting the patrol wagon which is nearly ready for use again by the officers who will take charge of it in a few days. It has been in the shop for a month now.

Bad Dollars.

Detectives Moore and Baker are trying to unearth the gang that is passing counterfeit silver dollars in this city, seven of the bad ones having turned up at different stores. They are poor samples of coin.

Coal Thief.

Mr. B. Matthews, of Jones street near Tenth, yesterday reported a coal thief visited his home the night before, and was shot at several times by his son, but got away.

NOW IN JAIL AT SAVANNAH.

Savannah, Ga., Oct. 10.—John F. Gaynor and B. D. Greene, the men who fought extradition to the United States from Canada for so many years, arrived here at 6 o'clock yesterday morning. Their wives, who had preceded them to Savannah, met them at the depot. The prisoners were at once taken to jail by United States Marshal White, who had gone to Montreal for them, accompanied by Deputy Doyle. The prisoners seemed in good spirits.

It is announced from Warsaw, Russia, that peace has again been secured there by the officials after three days of serious troubles.

RAILROAD RATES

Contest for Fixing Becoming More Sharply Drawn.

THE ADVOCATES PRO AND CON INCREASING.

Eastern Republicans, If Massachusetts is a Criterion, Disfavor the Proposed Act.

THE PARTY IS NEAR A DECIDED SPLIT.

Washington, D. C., Oct. 10.—The lines are being drawn more sharply for the approaching contest over the fixing of railroad rates by government authority. On top of Senator Foraker's speech against government rate-making and ex-Secretary of State Olney's statement as a representative of the conservative branch of the democracy in similar vein came Wm. J. Bryan's letter to the president assuring the latter of the Nebraska support in any attempt to force a rate-making bill through congress, and the statement of Representative Townsend, presumably by authority, that the president is determined to force the enactment of a measure similar to the Esch-Townsend bill if he can do it.

The latest development is the failure of the Massachusetts republicans in their convention last Friday to support the president in his reported attitude.

Like Ohio.

Like the Ohio republicans, those of Massachusetts are said to be in favor of the suppression of rebates and discriminations by the various enforcement of existing law, but they are against giving the power to fix transportation rates to the interstate commerce commission. Not only did the convention refuse to insert a rate-making plank in their platform, but they also declared for tariff revision as well as the standpatters seems anxious to sidetrack. On this phase of the legislative program the convention of Massachusetts republicans, a body which is undoubtedly representative of prevailing Eastern sentiment, contented itself with saying:

"We endorse most heartily the president's fearless enforcement of laws enacted to prevent corporations from oppressing the people by unjust discrimination or by the destruction of lawful competition. In such action he should receive the earnest support of our citizens. The rights of every citizen must be safeguarded, and we favor such additional legislation as may be necessary to prevent all unjust discrimination in the form of railway rebates under any device whatever."

Views Summarized.

That convention thus summarized its views of the necessity for legislation on the railroad rate question: "We believe strictly in the principle of equality before the law is applied to the transportation business, and therefore demand immediate relief through amendatory legislation from the payment of rebates to favored shippers and unlawful and wrongful discrimination between communities and individuals both in the state and in the nation. We request and demand of our representatives in congress active and harmonious co-operation with President Roosevelt along these lines, to the end that corporate rapacity, extortion and abuses may be subdued and abolished and the sovereignty of the people over corporations fully, promptly and permanently established."

"BLUE WINGS."

This Character of Fowl Now Around Here in Large Flocks.

Steamboatmen coming in report that the rivers of this section are alive with flocks of "blue wing" ducks that are being driven this way in their migration to Southern points.

This character of web-footed fowl is generally due in this section about the last of September while going around, but this season are several weeks late. They are now thick on the surrounding streams, and this means the hunters will shortly commence their annual sport of duck hunting.

Announcement has been made that \$1,000,000 of bonds for the construction of a trolley line from Shelbyville to Eminence, New Castle, Carrollton and Milton, Ky., have been issued and construction will begin at once, it is said.

TELEPHONE SALE

THE FINAL ORDERS WERE FILED AT LOUISVILLE YESTERDAY.

Turned in the \$300,000 Bonds; All but \$22,500, and Money for These Will Be Held.

There is now closed the sale of the People's Independent Telephone company to the Paducah Home Telephone company, as Lawyer E. W. Bagby has drawn up the final orders and forwarded them to Judge Walter Evans, of the United States court at Louisville, where they were entered up and made of record yesterday.

The plant here was sold through the courts so as to legalize the bonds which the old Independent company had floated in raising money. Mr. Bagby was made the special commissioner by Judge Evans to conduct the sale, and the old bondholders bought the plant in for \$80,000. They then in paying for the plant turned into the court \$287,500 worth of old bonds, which found a market value of \$252.50. These old bondholders were credit at the sale by the market value of their holdings, which leaves only about \$2,000 in cash in addition to be paid over in closing up the deal.

The old company had \$300,000 worth of outstanding bonds and all were turned in at the sale with the exception of \$12,500, and these cannot be found just yet. The law provides Lawyer Bagby will have to advertise for one year for these bonds, calling them in so they can be redeemed. At the expiration of the twelve months if they do not show up there is deposited with the federal court at Louisville the market value of \$252.50 these bonds bring on each \$1,000, and the court holds this money forever waiting for the bonds to show up. Generally in case of lost bonds of this character they show in a matter of time, because the holder will be wanting his interest and when the coupons are forwarded he will then learn the bonds have been called in, and act accordingly.

THE STREET WORK

EX PARTE SUIT TO TEST THE BITULITHIC CONTRACT FILED.

Work of Placing Storm Sewerage on Parts of Jefferson Street is Going Ahead.

City Solicitor James Campbell, Jr., yesterday filed in the circuit court the ex parte suit for purpose of testing the validity of the ordinance and board of works orders authorizing the re-construction of Kentucky avenue from First to Ninth and Jefferson street from First to Ninth.

In his petition the solicitor only included a copy of the ordinance which was adopted by the municipal legislative boards authorizing the improvement of these thoroughfares and also the orders of the board of works asking for these ordinances. Nothing else was included in the suit, not a copy of the contract entered into with the bitulithic people who got the job of re-constructing the streets. In not including the copies of the contracts the solicitor takes the view that the ordinance is the father of the whole thing, therefore if it is void everything else in connection with the contracts is invalid.

The solicitor simply asks the court to pass on these ordinances and orders, and state whether they are legal or not.

Work Goes On.

The work on Jefferson street continues, as regards putting down the underground storm water sewerage mains, as the laborers have got them put down up to Third street on one side, and are rapidly carrying the piping towards Fifth where it ends, as regards Contractor Bridges work. It has to be carried on from Fifth to Ninth by the bitulithic people. The sewers have been completed on Kentucky avenue out as far as Fourth street on both sides, and Contractor Bridges is waiting to see how the court construes the ordinances and things before proceeding with the brick work, he having the job of paving the avenue from First to Fourth.

President Ingram, of the Bitulithic people, is expected here today from Nashville, to meet with the board of public works when the latter this afternoon holds its regular weekly session at the City hall. He has been instructed by the legislative authorities to proceed with the work, but as the solicitor brings up the invalid question, it seems he is waiting to see where he stands before taking any step. He has been written to in order to see what he will do, and his visit here today is expected to bring about some definite understanding as to what is to be done in the premises.

Report of the census bureau shows that 61 per cent of last year's American cotton crop was exported.

STEPPED OFF CAR

WES PRICE, COLORED, BADLY INJURED YESTERDAY AFTERNOON.

Colored Woman First Thought it was Her Son, Then Her Nephew, and Finally Decided not Her's.

A negro named Wes Price was badly injured yesterday afternoon shortly after 2 o'clock by falling from street car No. 95 at Sixth and Elizabeth streets and landing on his head. He is thought to be suffering from concussion of the brain and skull, and is now lying abed at the home of a negro woman on South Tenth street near the Chamblin & Murray brickyard.

The car was in charge of Motorman Jeff Hollowell and Conductor Yates, and was going towards Broad street at the time. The negro lives at Birmingham, Ky., but was en route to the coopers works in Mechanicsburg. He seemed to have his head full of "coke" or something else, as he would get up from his seat to get off the car several times, but the conductor made him stay on. Finally while the conductor had his back turned, lowering some of the canvass curtains on the car side, the darky got up, and stepped off the car while it was running at a high rate of speed. He landed on his head, and was painfully hurt.

A negro woman happened by and stating it was her son, he was taken in a carriage to her home on South Tenth by Dr. Frank Boyd, the car company's surgeon. Quite laughable to state after they got him at that house, the woman's son came walking in the front door and proved the injured man not to be himself. The woman became excited and then declared the boy hurt was her nephew from Pittsburg. Finally her son convinced her the other was a strange man, and then the women threw a fit and claiming to have realized her mistake, wanted the injured man taken away. Dr. Boyd refused to permit this, because it was account her fanatical actions that got the boy over to her house, and then he is in too bad a condition to be moved. He was resting well last night late.

NEW OWNERS

MR. WADSWORTH COMES TO-MORROW TO JOIN FOUR OTHERS HERE.

Reported That the Street Car Line Will Be Extended Out Through Several Suburbs.

By tomorrow there will be here all the parties connected with the big street railway, gas and steam heating plant deals, and the details for the formal transfer will be completed and gotten into shape for closing the trade, as the option on the plants expires next Saturday night at 12 o'clock.

Messrs Robinson, Adams, Parsons and Blecker are here now, while Mr. Wadsworth will come tomorrow, or this evening. They are the representatives of the Stone and Webster firm who have negotiated the deal here, and they will be busy until the last of this week getting things in shape to pass over the big sum of money given for the systems, and take complete management of them.

It is reported that many improvements are to be made when the new owners come into control, but they have given out nothing whatever in this connection, as they are not in a position to state until they are the actual owners of the plants.

One rumor is that the car line will be extended from its present terminus at Wallace Park, on out through Arcadia to Lone Oak, which is three miles beyond Arcadia. It is also said they will lengthen the line out through Mechanicsburg to Tyler, which is one mile beyond Mechanicsburg.

The new owners coming into charge shortly contemplate putting the systems on an up-to-date plane and in first class condition, but will state nothing definite in this connection until they are actually in control.

When next Saturday arrives it will then be learned what is paid for the three plants. When the option was first taken it was stated the deal was something like a million dollar transaction.

SUPREME COURT TERM OPENS
Usual Custom of Calling on President in a Body is Observed.

Washington, D. C., Oct. 10.—The supreme court of the United States convened today for the term of 1905 and 1906, with all the members present. No business was transacted beyond the making of an announcement by Chief Justice Fuller that the court would adjourn until today to comply with their long-established custom of calling in a body upon the president. The chief justice also said that all motions noted for today would be received tomorrow.

TEN MORE BOXES

WILL BE PUT RIGHT AWAY AT HORSE SHOW GROUNDS.

Free Box For Young Lady and Friends Be Given by "The Girl and Bandit" Troupe.

There is proving such a demand for boxes at the Horse Show that today arrangements will be made for construction of ten additional ones, which will be put up right away. There have been twelve built already, but these were so rapidly subscribed for, and there arose such a demand for more, that these ten extra ones will be put up. They will be auctioned off within the next few days, if all are not taken by private subscription.

At their last meeting the board of directors for the show adopted a resolution stipulating that during the entertainment no liquids or other refreshments shall be sold in the grandstand, because it will endanger ruin to the dresses of ladies, as the refreshment boys generally go through in a rush and spill lemonade, phosphate or other mixtures over the garments of spectators, and thereby ruin them. No peanuts or anything at all in the refreshment line will be permitted, and this information is received with great pleasure by everybody.

The directors are preparing to rope off that end of the grandstand which sits closest to the street car tracks, and cover the seats with domestic. These will then be the "reserved seats" and 25 cents extra will be charged to occupy one of them during the show.

The theatrical people are coming forward in helping make the show a success, as "The Girl and Bandit" company, which plays at Kentucky one week from tonight, has agreed to give a box for six people, to the lady entering the largest number of events during the horse show. This lady will be permitted to take herself and five friends to the theatre free of charge, and occupy the box by themselves. The show that night will not start until 9 o'clock, in order to give everybody attending the horse show time to leave the baseball grounds and come to the playhouse.

THE EXCAVATIONS

ONE MADE ON FOURTH AND ANOTHER ON KENTUCKY AVENUE.

It Will Be Sometime Next Week Before Telephone People Finish Their Work.

The telephone company continues excavating around Fourth and Kentucky avenue in order to get down underground its conduits through which the cables will be run. Yesterday the men were digging up South Fourth from a point 100 feet south of the avenue, and leading up to the center where Fourth crosses the avenue out between Fourth and Fifth streets also, having their excavation as far out beyond Fourth as the alley behind the livery stable on that corner.

All the excavations have been filled back with dirt up to Fourth on the avenue, while at the corner there is being built by the mechanics, the big brick reservoir into which runs the different sub-conduits so as to centralize all the wires which are then carried on underground through the big single conduit, leading into the exchange building.

It will take until sometime next week to get the work done. It is not being interfered with by the suit filed in the circuit court by the city authorities to "oust" the telephone company from this city on the ground that they have no franchise under which to transact business.

GATES HAS REFORMED.

New York, Oct. 10.—John W. Gates, the multi-millionaire, is now a citizen of this city and state, says the World. Up to 8 o'clock last night he was legally a stranger within the gates, with his home and his vote a thousand miles away in Illinois. Observant diners at the Waldorf-Astoria noticed at dinner that Mr. Gates, who has been a guest of the hotel for six years, toyed with his delicate food and mused between mouthfuls.

In truth, Mr. Gates was then deciding the vital question of a change of citizenship. The mental conflict ended with the last sip of coffee. New York had won.

Getting up to the information desk, Mr. Gates asked to be directed to the registration place for Waldorf-Astoria rooms.

"Are you going to turn a real New Yorker, Mr. Gates?" the clerk asked. "That's what," answered the financier, and he headed in a bee line for the registration place. There he gave his name, avowed his new citizenship and enrolled himself as a voter in the coming municipal election. "Now I feel better," said the reformed Chicagoan.

PLEA FOR LIFE

HON. HAL CORBETT GOES TO MAKE FINAL PLEA FOR EZELL.

Until He Returns the Proceedings Against City Jailer Evitts Will Lie Dormant.

Hon. Hal Corbett will next Sunday leave for Uniontown, Pa., to prepare to appear before the board of pardons for the state of Pennsylvania and make a plea for the life of James Ezell, the young telegraph operator sentenced to death for murdering a railroad yardmaster connected with the same road Ezell was attached to. On account of the absence of Mr. Corbett who will be gone about a week, there will not be taken up until the last of this month the impeachment charges against City Jailer Thomas Evitts, Lawyer Corbett being the legal advisor of Patrolman Samuel Beadles, who is instituting the proceeding against Mr. Evitts.

Young Ezell and the yardmaster he killed, were working for the same road at Uniontown, when the telegraph operator was accused by the yardmaster of being drunk. On account of this alleged intoxication the yardmaster would not let Ezell work at his telegraph instrument that night and this brought on a quarrel when the yardmaster reported to the division superintendent the condition of Ezell, who pulled out a razor and cut the other's throat.

On trial Ezell was convicted of murder in the first degree, and his case taken to the supreme court which affirmed the lower tribunal's judgment. Mr. Corbett is making a valiant fight for life of the young man and will try to get the board of pardons to commute the punishment to life imprisonment of Ezell.

Just as quick as Lawyer Corbett returns the date for the board of aldermen of this city to try the Evitts proceeding will be decided on.

County Clerk George Landrum, of Smithland, is in the city on business.

ONE HELD OVER

IN THE MALICIOUS CUTTING CHARGE AGAINST THE PITMANS.

Fines of \$3 Were Assessed Against Butcher Rogers and Baker Humphrey Yesterday.

In the police court yesterday morning Judge Sanders continued until tomorrow the warrant charging English Pitman with maliciously cutting another. Mary Pitman was held to the grand jury on the same charge.

Daisy Lowe was given a continuance of the case charging her with fighting with another, while Lloyd Lowe was fined \$10 and costs.

Will House and Emma Martin were fined \$5 each for engaging in a fight. Butcher I. N. Rogers, of the Ideal Market, and Baker W. J. Humphrey, of the Vienna Bakery, were both fined \$3 for the gun plays and scrap they had last Saturday at noon in front of their places of business on Broadway between Fifth and Sixth streets.

George Dozier was fined \$20 for a breach of the peace.

There was dismissed the breach of ordinance charge accusing James Coleman, the colored scavenger, with dumping garbage and refuse on top of the river bank near where the city dump floats in the river.

Lonnie Murray was fined \$5 for a breach of the peace.

Matt McKinney was fined \$5 for being disorderly.

WITH A "BUZZ SAW."

Senator Platt Is "Monkeying," Says North Carolina Senator.

New York, Oct. 10.—"In the last session of congress Senator Platt, of New York, introduced a bill providing for a reduction in the congressional representation from those states which disfranchised all, or a part, of the negro vote. I presume that in the session of congress about to begin, Mr. Platt will introduce that measure. I want to serve notice on him and those here in New York city who are responsible for it, that if its passage is seriously attempted, Mr. Platt will discover a buzz saw revolving at a rate that will appal him."

This was said to a Times reporter yesterday by Senator Simmons, of North Carolina, who is in New York. Mr. Simmons, with Senator Gorman, of Maryland, will lead the fight against Southern reduction when it begins in the senate if Mr. Platt again offers his bill. "Mr. Platt is aiming principally at North Carolina, Mississippi and Alabama when he seeks to have his resolution passed," said Senator Simmons, "but, in fact, he is hitting the whole South. The Platt resolution cannot pass, and the republican club and its associates, who are agitating the question, ought to know it."

Are You Planning to Remodel?

If you contemplate remodeling your present home now or in the near future, you should study the subject of Plumbing.

A little knowledge on the subject will be beneficial to you in the selection of the best material and fixtures and in their proper location throughout the home.

If you will call and consult us, we will give you attractive literature on modern sanitation and will show you the samples of "Standard" Ware we have in our showrooms.

SKATING RINK

THE CONCRETE SIDEWALKS
CONVERTED INTO ONE ON
CLARK STREET.

People Will Ask Ordinances Be
Adopted to Prevent Pavements
Being So Used.

The people residing on Clark street between Ninth and Tenth were the proudest inhabitants of the city when they first got their fine concrete sidewalks, which were the first laid out in the residence portion of the city, and are very beautiful, being a fine piece of work by Contractor Harry Baldwin, the Evansville concrete man. Now the residents of that section are about the saddest people of the community on account of these sidewalks because, although the pavements are fine, very useful and great adornments, still there is a very great drawback to their existence. This is the veritable skating rink and riding court the pavements have been converted into by the young people from all over that section of the city.

The walks are as smooth as glass and fine for skating and riding purposes, and all the young people for blocks around have bought themselves each a pair of roller skates, and from morning until night large crowds can be seen skimming down one side of the street on their skates and returning on the opposite side, while the metal wheels of the little play iron wagons can be heard for blocks grinding along over the concrete. The bicyclists come in for their share also of the fun, and race up and down the walks, until this, with the other sports, makes life miserable for the people of that block. The rattle of the roller skates, and also to prevent accumulation of these crowds to the extent that life is made nearly unbearable by the people living along side the streets improved with these concrete walks.

The good people of that section dislike to interfere with the pleasure of the little ones, but there is a limit to everything.

DELINQUENT LIST

SHERIFF'S FORCE STARTS ON
THIS WORK THIS
MORNING.

Deputy Lydon Returned From Frank
fort and Deputy Potter From
Lexington Yesterday.

Today Sheriff Lee Potter will start his deputies to work getting up the list of delinquent taxpayers, who are those who have not paid their state and county taxes to him. There is a very large number on this list, and just as soon as the office force gets same completed they will be advertised and the property of the people sold so the taxes can be taken out of the price disposed for. It will take until the first of next month at least for the entire list to be gotten up, and the sheriff will not charge a penalty to those taxpayers who pay the amounts due from them between now and the time the list is completed. If anyone's property is advertised they have to pay the penalty, additional cost of advertising and sale, and other sums.

Deputy Sheriff Will Lydon and Deputy Sheriff Irve Potter returned last night from Frankfort and Lexington, the former taking to the main prison at the state capitol Mrs. Mary Brockwell, white, and Leander Donald, colored, women who got sentences for crimes. Deputy Potter took to the Lexington reform school the boy John Henry Duffy, colored, who is confined there because he stole from the New Richmond Hotel where he was employed.

Mr. Lydon and Deputy Lyon will commence working on the delinquent list this morning, the sheriff just waiting for return of the former from Frankfort before undertaking this.

DEATH SENTENCE IS USELESS.

Chicago Man's Ominous Neck May
Save His Life.

Chicago, Oct. 10.—Because of a peculiar freak of nature Robert Gardner, a prisoner in the county jail here, charged with the murder of Agnes Morrison, may escape the death penalty. When he was arraigned in court yesterday his attorney, William Buckner, startled the court by turning to Assistant State's Attorney Barbours saying:

"This is a case where it won't do you any good to ask for the death penalty. They can't break this man's neck if they do try to hang him, and you may lose him altogether by hanging him and failing to execute the sentence in full."

It appears that the prisoner is suffering from ossification of the vertebrae and tissues of the neck. According to Prof. Stofenson, of Rush Medical college, only five cases similar have ever come to the notice of the medical profession. Gardner, who was formerly a cashier, carries his head tilted forward and slightly twisted to one side.

THEATRICAL NEWS

At The Kentucky Tonight.
"Uncle Dan" (or "The Messenger
from Jarvis Section").

The theatre-going public of late has been clamoring for plays of real dramatic merit. There seems to have been a surfeit of the "blood and thunder" type, and the "modern classic" of the present day apparently has had its run. Playwrights either do not appreciate the wants of the public, or feel that their efforts to produce plays on more substantial or sensible lines are not appreciated by the public. The consequence is that managers (that is producers of plays who invest their money to cater to the theatre-goers' wants) have had to cast about for a better inducement for their money invested, and as these gentlemen are in touch with the public pulse, as it were, they have come to realize that the sane, sensible play, with clean, wholesome surroundings, is about to have its innings once more, but as the playwright of today does not deem the public worthy of his efforts (that is the writer of the better order of plays) the producing managers are thrown on their own resources, and the revival of the play that the public are now clamoring for is the result; hence the number of these revivals, which are greeted joyously as a sure escape from the clap-trap melodramatic hash from which the public has so long suffered.

In presenting "Uncle Dan" (or "The Messenger from Jarvis Section") the management feel that they have supplied a long felt want, for it is one of the best and cleanest plays of its kind. It is a rural comedy drama in four acts, quick of action, strong in dramatic intensity, plenty of comedy, with a mingling of pathos which gives it that heart interest which is so essential to the successful play of today. Many pleasing specialties are introduced and several delightful numbers are presented by a splendid quartette. From a dramatic standpoint, it will be hard to surpass this organization. It includes such people as Fred Wykoff (who will be seen in the title role of Uncle Dan!) Theodore T. Rook, Lawrence Atkinson, Louis Miller, Joseph King, Jere Sanford, Harry Hearn, Carrie Lamont, Elaine McGregor, Cecelia Griffith and many others of lesser note, while from a scenic standpoint, it will be complete, each of the four acts and six scenes being carried intact; in fact it is a complete production to the smallest detail. The scenic artists have had carte blanche, and as a result the many scenes are well portrayed, notable of which is the "Old Homestead," the Boston & Maine railroad station in Boston, Keppeler's saloon near the Boston docks, Lovers' Lane, Mrs. Baglione's lodging house, etc.

In announcing this production, which will be given its first performance tonight at The Kentucky, the management feels that the public will recognize their efforts to give them something out of the ordinary, a clean, wholesome play, handsomely mounted and well acted, for a play out of the ordinary nowadays is almost a curiosity and should be appreciated at its real value.

"A Trans-Atlantic Voyage."
Those who are unfamiliar with the sweep of the fathomless deep, the size of the modern ocean greyhounds, the scenes on shore and abroad attending their departure and arrival, will get vivid, indelible impressions of it all at Lyman H. Howe's new Lifeorams at The Kentucky Saturday matinee and night.

Here for the first time is shown completely every detail of the life and maneuvers aboard ship—coaling, fire drill, life boat drill, deck games, etc., the storm-tossed vessel battling with mountainous waves, and the rich colored and restful sunset after the gale, succeeded by an even more enchanting view of the deep blue sea fit up from above by the pale moon. Interesting and charming indeed are these scenes of sea and sky in varied moods of equal interest, though different in kind, are the inspiring scenes on the docks showing hundreds of friends waving last farewells, and on arrival abroad as many again waving a welcome to foreign shores. This series is but one of many of equal surpassing beauty and interest in Mr. Howe's new program.

FITTED UP AT MUCH COST

Officers of Former Insurance Officers
to Be Abandoned.

New York, Oct. 10.—Negotiations are in progress, according to today's Herald, between Paul Morton, president of the Equitable Life, and a construction company which probably will result in the abandonment of the suite of offices on the third floor of the Flat Iron building which were fitted up for James W. Alexander, James H. Hyde and Gage E. Tarbell at a cost of \$100,000.

Mr. Morton is of the opinion that the society has no use for such elaborate quarters, and will sub-let the office and derive an income from that source which will be turned into the company's treasury.

Major General Weston is slated to succeed General Randall in command of the department if Missouri.

NEW CULVERT

THE DRAWINGS AND PLANS
ARE FINISHED BY CITY
ENGINEER.

They Will Be Submitted to the Board
of Works Today, When Bids
Will Be Called For.

Everything is ready for the contract to be let for the new concrete culvert to be constructed where now stands the wooden bridge spanning the creek crossing Caldwell street a few hundred feet this side of the Union depot. City Engineer Washington and his assistants yesterday finished the drawings, plans and specifications for the culvert and will submit this compilation to the board of works this afternoon when that body meets in its weekly session. The board will adopt the plans and order advertisements for bids from contractors, the proposals to be opened sometime the last of next week, probably.

The culvert will cost several thousand dollars but the entire expense will not be borne by the city, as the Illinois central railroad has agreed to furnish the rock for same, while the cement needed will be supplied by the street railway company. This will relieve the municipality of about \$1,000 expense, as that is the probable cost of the material to be furnished by these companies who agreed to this inasmuch as Caldwell street was originally built out that way for their benefit more than any other.

Just as soon as the bids are opened the work will start and City Engineer Washington expects to complete the culvert by sometime along the latter part of November.

GREAT MISSIONARY MEETING

Freeport, Ill., Oct. 10.—Plans for a great missionary convention to be held in Chicago next fall to arouse world-wide interest in the evangelization of American and all other lands were outlined by Dr. A. B. Leonard, of the Methodist Episcopal church, in an address before the Rock River conference here yesterday.

IN LIVINGSTON

LAWYER WATTS RETURNED
THERE YESTERDAY FROM
VISIT HERE.

County Convention Be Held Here
This Afternoon to Select Demo-
cratic Nominee For Coroner.

Lawyer Charles Watts, of Smithland, yesterday returned to Livingston county after spending several days here on business. He goes back to resume his campaign for the nomination for county attorney at the primary which comes off one week from next Saturday.

The candidates are all devoting three days and nights to speechmaking now each week. This week they will be out on the stump Thursday Friday and Saturday at different points in the county, while next week they will be out Monday, Tuesday and Wednesday. That will close the bombardment, and the canvass will be a personal one from that time until date of election, the ensuing Saturday.

Coroner's Convention Here.

This afternoon at 2 o'clock there will be held at the county courthouse here the convention to nominate the democratic candidate for coroner of McCracken county. The delegates from each precinct will all be there and prospects are that Mr. Frank Eaker will be nominated, as he has received the majority from the respective voting precincts over the county. The balance of the candidates are Harry Alden, Charles Crow, Jack Sheehan, Coon Johnson, Theo Luttrell and M. T. Hurt, all of whom received instructions from different precincts.

Whoever is the nominee will be elected at the November election and the first of next year take his seat for four years, a full term.

DEAD BODY IN A TRUNK.

Havana Store's Manager Murdered
by a Thief.

Havana, Oct. 10.—The body of Ramon Carmona, manager of a trunk store, was found yesterday afternoon inside a locked trunk, which had been concealed in a remote corner of the store, underneath a stairway. The police are searching for a youth known as Jose, who had been employed in the store for a month and slept there, and who has disappeared. Carmona had opened the safe, presumably under compulsion, and \$2,000 had been taken from it.

Carmona entered the store at the usual hour this morning, but later the police were notified that the store had not been opened for business. Several hours later the police found the body, which was then warm.

Beyond a wounded finger, there were no marks on the body except where the throat had been clutched.

MATERIAL LIENS

TRUSTEE R. H. NOBLE FILED
TWO YESTERDAY IN
COUNTY COURT.

Frank Sanders Qualified as Executor
of Henry Caldwell Estate in
County Court.

Yesterday in the county court R. H. Noble, trustee for J. W. Riglesberger and brother, filed a material lien against Mrs. Phoebe Riglesberger for \$856.73 due for material furnished latter. The trustee also filed a lien against J. W. Riglesberger and wife Mamie Riglesberger, for \$1,258.07 for lumber and such material furnished them for building purposes.

Executor Qualified.
Frank Sanders qualified before the judge as executor of the estate of the late Henry Caldwell.

Guardian Qualified.
H. B. Grasty qualified as guardian for Carlisle Grasty, a minor.

Officers Allowed Money.
The officers serving at the different voting precincts during the registration last week were allowed their money for serving.

Property Sold.
There was lodged for record with the clerk a deed wherein R. M. Allen transferred to Jennie Lockwood for \$1,250, property lying on the South side of the Hinkleville road three miles from town.

BRITISH FLEET NOW IN JAP WATERS.

Being Royally Received—American
Vessel Taking Part in It.

Kobe, Oct. 10.—The festivities attending the visit of the British-China squadron to Japanese waters thus far have been an unqualified success. Saturday, Sunday and yesterday the British officers and men have been entertained in the vicinity of Kobe and Kyoto. The brilliant weather has added greatly to the enjoyment of the celebration.

Kobe is gaily decorated with a profusion of Japanese and British flags. The blue jackets and marines of the visiting squadron were entertained Saturday and yesterday at NankoTemple, English-speaking pupils of the Commercial school acting as companions of the men, who also warmly fraternized with the sailors of the Kasagi. Many striking evidences of friendship were given.

The British officers were entertained by the municipal authorities of Kobe at Sawayama Saturday afternoon. The mayor gave them welcome in a cordial speech. Vice Admiral Sir Gerard Noel, commanding the British squadron, responded, proposing a toast to the Japanese emperor. Capt. Clover, of the American battleship Wisconsin, who was present, expressed pleasure in joining in the welcome. In the evening the guests were entertained at dinner by the governor of the prefecture at the official palace. This was followed by a reception and dance to which a thousand invitations had been issued.

Yesterday afternoon the admiral and his officers were entertained at a garden party at Nunobiki, famous for its waterfalls. Later the visitors went to Kyoto, where great preparations had been made for their reception.

The visit of the British squadron, bringing proof of the friendship of Japan's powerful ally, has appreciably diminished the depression among the Japanese due to the unsatisfactory peace terms made with Russia.

Great percentage of casualties in death list of Brotherhood of Locomotive Engineers causes much concern. Germany foresees meat famine. Prices are so high as to exclude it from tables of working classes.

Cloaks and Suits

OUR LARGE AND WELL LIGHTED CLOAK ROOM IS TRULY CROWDED TO OVERFLOWING WITH EVERY DESIRABLE STYLE OF THIS SEASON'S CLOAKS AND SUITS. NEVER BEFORE HAVE WE SHOWN SUCH A LARGE ASSORTMENT OF STYLES AND PRICES. A PERSONAL VISIT WILL CONVINCE YOU WHAT DESIRABLE VALUES WE ARE SHOWING.

THE NEW FALL SUITS

Are marvels of style and elegance. We are now showing all the most approved new models and materials. Viewing them alone is worth the effort in coming.

Ladies' Cheviot Suits, strictly tailor-made, 27-inch coat, with plaited skirt, a special value at **\$12.50**

A special collection of the newest creations in tailor-made Suits in all colors and fancy mixtures and black from **\$16.50 to \$35.**

ANNOUNCEMENTS.

The Register is authorized to announce HARRY S. ALLEN as a candidate for Coroner of McCracken county, subject to action of the democratic precinct conventions to be held Saturday October 7.

Care Of Health.

In our fast-living age many of the apparently most robust, who appear to have a long lease of life, succumb to disease, and the remark is often made concerning some person who is known to be of weakly constitution or an invalid, that he is living far beyond the natural expectation. Commenting on this the New York American says:

"An eminent physician, being asked the best way to insure a long life, once answered: 'Become afflicted with a fatal disease in early youth.'"

"The response passed for a pleasantry, notwithstanding its obvious seriousness. But now comes the head of a life insurance company testifying that 'sub-standard insurance,' or the insuring of people unable to pass the prescribed medical tests, is highly profitable; indeed, that they had done better with it financially than with the regular business. Of course, the explanation of both the doctor's and the insurance man's point of view is clear enough. Men are killed by carelessness, by over-exertion or the wanton violation of the simplest rules of hygiene. Warned of illness, or physical weakness in youth, a man watches himself carefully, leads a rational life, and avoiding the errors of the person proud of his physical well-being becomes strong in age, while others grow weak or pass away."

"President Roosevelt, today a model of manly vigor, ascribes much of his strength and vitality to the fact that he was forced to overcome early weaknesses by exercise, open-air life and a sensible regimen."

"If the sickly can be made strong and long-lived by sensible living, what would be the lifetime of the race should those naturally robust be equally careful of their constitutions? It is a passing speculation, but will ever remain in the field of speculation only, for the tendency of the strong to abuse their strength is as old as the days of Samson."

Apparently George Brinton McClellan, who has the nomination of Tammany and the record of a term, is going to have a walkover for mayor of Greater New York. Charles E. Hughes, who was nominated by the republicans, and William Randolph Hearst, whom the municipal league people placed on the track, both decline to run. This leaves the track exclusively to McClellan, and hence the conclusion that his is to be a walk-over race. The people of New York clearly hate to swap a tried servant for an untried one and in holding this idea they are no doubt wise. Geo. B. McClellan has undoubtedly made the Gotham City a good chief executive.

Isn't it about time for the Bowen-Loomis controversy to break out again? By the way, there has been no official denial of the claim that Bowen makes wherein he said that the president expressed a wish to give him an ambassadorship and when he dallied too long and the trouble with Loomis came up and reached the public he withdrew the offer with the intimation that the Venezuela scandal was the cause. The president spoke when Loomis wanted him to and he should talk a little now to appease the curiosity of the public. Bowen as it stands has the inning.

There are now more cases of yellow fever in Pensacola, Fla., than there are in New Orleans. This would demonstrate if nothing else would that

the scientific handling of the fever scourge in the Crescent City has been effective beyond controversy else the conditions cited would be to the contrary. When the government comes to take full control of the handling of the yellow scourge whenever it appears in this country it will become less a dread than is now the case.

A Kossuth promises yet to make Hungary free. The first patriot lost his battle in the use of the sword, but the latter day Kossuth promises to win his fight by the use of the tongue and pen. A leader in the present troubles in Austria-Hungary has been this new patriot, a direct descendant of Hungary's martyred son.

If Prof. Behring, of Berlin, who claims a "cure" for tuberculosis, is not misleading himself and the world as well, he has not only won for himself a fortune, but a reputation as a benefactor the equal of that of any man who ever lived. The world anxiously awaits a confirmation of Prof. Behring's claim.

The crisis in the affairs of Austria and Hungary seems at hand. Yesterday the king-emperor, Francis Joseph, prorogued his parliament bringing all differences to a "head." An outbreak appears inevitable.

Examination of Consumption.

(St. Louis Republic)
If the present knowledge concerning the prevention of tuberculosis were generally applied, declares Dr. Flicj at the Paris International Tuberculosis congress, it is safe to say that tuberculosis would be stamped out of civilized countries within twenty-five years; and he refers particularly to the open-air treatment, proper nourishment and regulated exercise.

Medical science has as yet developed no specific for the disease upon which it is willing to set the seal of unqualified approval, but it is arriving close to the solution of the terrible problem in its study of the conditions out of which consumption springs and in building up the open-air method. That consumption is in a considerable measure due to overcrowding in cities, bad ventilation and impure food is a conclusion reasonably acceptable as a working basis, and that the open-air method is a dependable one has been broadly and satisfactorily demonstrated.

Sanitary improvements in the large centers of population in the future will be a decided factor. Cities will be more healthful abodes. Perfect drainage and adequate ventilation are becoming first considerations in buildings of every character, those in which people live and those in which they work, while improved sewerage will be the rule. On the other hand, the open-air method, systematically fostered, will operate tremendously to depress the ravages of the disease.

The American delegates in Paris give word that the meeting of the tuberculosis congress in Washington three years hence will probably answer the question of curative specifics.

A vast preparation in the way of experimentation and tests is being borne forward looking to that event, science is bending its heaviest energies to the quest, and something definite as a result is extremely likely to be announced. Be that as it may, the work and influence of the international organization will have a tremendous effect toward the systematization and development of the open-air method in the immediate years, particularly in the United States. It is believable that all of the states within a short while follow the example of New York, Pennsylvania, Missouri and others of the first commonwealths in establishing and equipping open-air sanitariums. The first work of the delegates in the several states should be to that end. It would be gratifying in 1908 if every state could report to the Tuberculosis congress the possession and operation of an open-air sanitarium or system of sanitariums.

WANTS GOVERNMENT TO PRINT DOCUMENT.

Chicago, Oct. 10.—A dispatch to the Tribune from Washington, D. C., says: Mrs. Daniel Manning, of New York, president of the board of lady managers of the St. Louis exposition, has given notice that she is coming to Washington this winter to induce congress to print the report of the body. This document contains 125,000 words, and in print would make a bulky document.

Representative Charles B. Landis, of Indiana, chairman of the house committee on printing, has been advised of Mrs. Manning's intention. He is opposed to the government bearing the cost of printing and distribution of the report of the lady managers. Mrs. Potter Palmer, of Chicago, came here in the winter of 1900 with the avowed intention of having a bill passed authorizing the printing of the report of the lady managers of the Chicago World's fair. She remained in Washington two weeks, but was unsuccessful in her mission.

A crowd of 2,000 people gathered at the union station in Omaha to see Pat Crowe when he arrived from Butte, Mont., in charge of officers.

ODD FELLOWS

OVER EIGHT HUNDRED, WITH FAMILIES, IN SHELBYVILLE.

Membership Being Royally Entertained by the People of Shelby's Capital—Growth of Order.

Shelbyville, Ky., Oct. 10.—The grand lodge of Kentucky, Independent Order of Odd Fellows, convened in the Crescent theater, at Seventh and Main streets, in the city, at 9 o'clock this morning. The attendance is one of the largest in the history of the order, about 600 accredited representatives from subordinate lodges being present. In addition to the regular representatives, many visiting Odd Fellows are here. Some of the delegates were accompanied by their wives, and it is admitted that 800 people are here.

Remarkable Growth.

It is understood that the reports will show that the present membership of the order in Kentucky is 21,000, while in the United States the membership is a million and a half. The growth in Kentucky has been remarkable; in 1896 there were 8,424 members; in 1904 there were 18,281, and this has been increased during the past year to 21,000.

One of the interesting features of this meeting is the attendance of Mr. L. H. Gruber, of this city, who has been a member of Howard Lodge (the local lodge), since March 6, 1888, almost fifty-eight years. He wears a gold badge presented by his lodge on the fiftieth anniversary of his initiation. Both Mr. Gruber and Mr. Geo. W. Morris have been Odd Fellows for more than fifty years and are regarded with great affection by all the representatives.

Election of Officers.

The election of officers will take place tomorrow morning at 10 o'clock, that hour being fixed by law, and all other business must give way to it. Nominations are made a year in advance, and the following were nominated without opposition:

For grand master, the present deputy grand master, A. W. Clements, of Morganfield; for deputy grand master, the present grand warden, W. C. G. Hobbs, of Lexington; for grand secretary, the present incumbent, R. G. Gilbert, of Lexington; for grand treasurer, Geo. W. Morris, of Louisville, who has been treasurer for many years for grand representatives, Claude Buckler, of Louisville, and C. P. Scott, of Ghent.

There will be a spirited contest for the office of deputy grand warden, the following ten nominations having been made last year: D. M. Bridges, Carrollton; L. J. Waddell, Somerset; D. C. Points, Williamstown; J. C. Lykins, Campton; J. L. Oaulton, Maysville; J. A. T. Baber, Louisville; W. M. Todd, Middlesboro; J. W. Groves, Mt. Sterling; W. B. Bridgeford, Frankfort, and Jo S. Murdock, Covington.

Social Gatherings.

Last night the handsome new Odd Fellows' temple was ablaze with electric illuminations, and was the scene of a happy assemblage room on the ground floor for social greetings, and the discussion of business to come before the grand lodge. The merchants and the citizens have decorated with flags and bunting, and the Odd Fellows colors, red, white and blue. An interesting feature of the decorations of the temple is an aged, but vigorous, billygoat, who paces back and fourth in his cage, which has been attached to the windows on the second floor. His presence is suggestive of secret ceremonies.

Elaborate preparations have been made for the big barbecue tomorrow at noon on the grounds of the graded school. It is expected that 1,500 people will partake of the good things prepared by Noble Grand Jacob Abraham, of the local lodge, who is in charge as chef.

GET-RICH-QUICK MAN ON TRIAL.

Connected With Storey Cotton Company and Got Many Thousands. Philadelphia, Oct. 10.—Stanley Francis, alias Arthur S. Foster, alias Arthur S. Foster-Francis, etc., was yesterday placed on trial before Judge Holand in the United States district court charged with having conspired to use the mails to defraud in connection with "get-rich-quick" enterprises.

The specific charges against Foster are that he was the principal in the Storey Cotton company, which is alleged to have defrauded a large number of persons throughout the country, and that he was also connected with the provident investment bureau. Indicted with Francis are Frank C. Marrin, alias Judge Franklin Stone, Sophia Beck, F. Walter Storey, Walter B. Riggs, T. H. Quinlan, Patrick Kearns and A. P. Howard, who are alleged to have been connected with the Storey Cotton Co.

The Boston associated board of trade at its annual meeting adopted a resolution in favor of tariff revision.

GAVE \$40,000

AMOUNT OF MUTUAL'S CONTRIBUTION TO REPUBLICAN CAMPAIGN.

Developments at Yesterday's Investigation in New York—Vice President's Testimony.

New York, Oct. 10.—Walter R. Gillette, vice president of the Mutual Life Insurance company, testified before the insurance investigating committee today that the Mutual Life Insurance company contributed \$40,000 to the republican national committee's campaign fund in the last election in 1904.

Vice President Gillette also stated that the Mutual Life Insurance company contributed \$35,000 to the republican national committee in 1900 and \$15,000 in 1896. He justified these contributions on the same ground as did President John A. McCall, of the New York Life Insurance company, in the contributions of that company, saying that the St. Louis platform of the democratic party and the free-silver issue were a menace to the policy holders.

Dr. Gillette said he authorized these expenditures after consulting with the president, vice presidents and some members of the board of trustees of the Mutual Life Insurance company.

The campaign contributions, Dr. Gillette said, came from the funds controlled by the committee on expenditures.

English Guest.

Sir John Leng, member of the British parliament, was a guest of the insurance investigating committee at its session today. The first witness was Robt. Olyphant, chairman of the expenditures committee of the Mutual Life Insurance company.

From him it was expected to learn what became of \$75,000 charged to legal expenditures. This sum was spent in three installments of \$25,000 each, the last installment being paid the day after the presidential election last year.

Mr. Olyphant said there is no limit to the money the committee of expenditures may authorize to be paid out. The Mutual Life Insurance company maintains a confidential fund for legal expenditure. The details of payments for this fund were not brought before the board of trustees, but merely the total amounts. Bills came to this committee from the law department after being duly authorized by executive officers. The moneys were usually drawn in cash.

THE ARGUMENTS ARE BEGUN

Chicago, Oct. 10.—Arguments against the indictment of the packers, charged with conspiracy to monopolize the meat trade of the country, were begun before Federal Judge J. Otis Humphrey, Attorney John S. Miller, counsel for the defendants, opened the arguments using the demurrer filed last Friday as a basis.

The Fall Mall Gazetteer voices in the fact that Canada is a "chip of the old block," because a steamship, with supplies for the Hudson Bay mounted police has been kept waiting at St. Johns for weeks while the police department and ministry of marine settle a dispute as to which shall control her movements.

A British army officer in India was awakened one morning by feeling a native servant of a brother officer pulling at his foot. "Sahib," whispered the man, "sahib, what am I to do? My master told me to wake him at 6:30, but he did not go to bed till 7?"

William E. Halsall, who owns 20,000 acres of land in Oklahoma and 200,000 in Texas, on which he has innumerable herds of cattle, is visiting in San Francisco with his wife, who is a Cherokee woman. They have three children.

Edmond Rostand has made so much money with the product of his pen that he has been able to engage three popular Parisian artists, Jean Veber, Henri Martin and Caro Delvaillie, to decorate his Basque villa at Cambou.

In Van Ness avenue, San Francisco, a long avenue, 125 feet wide, asphalted and without car tracks, the city has placed in extra number of electric lights, so as to make it better for the night drills of the National guard.

Robert Cecil, postmaster of Tipton, Ore., convicted of wife-beating, received, under sentence of court, ten lashes on the bare back in public, recently. He is preparing to sell his property now and leave the country.

Government engineers are mapping Puget Sound for mines and torpedo stations. Mine equipment that cost \$500,000 is stored near Ft. Ward. It is expected to be in place by the first of next year.

Mrs. M. I. Russell of Bloomington, Ill., the only woman oil operator in Kentucky, has struck a well in Wayne county running 500 barrels.

ON MERCY'S ERRAND.

British Football Players Seeking to Show Americans How to Play.

New York, Oct. 10.—Sir Charles Kirkpatrick and his team of English amateur association football players arrived here last night. The Britishers, who are traveling under the name of the Pilgrims, arrived at Montreal on September 2. Since that time they have played thirteen games, winning ten, losing two, and drawing one.

The mission of the Britishers is to demonstrate to the American public the advantages of association football as a sport over the game played by the college teams.

The members of the team have witnessed several college football games, and emphatically declare that the game is not football at all, but a test of brute strength with little science.

HAS TWO SIDES

RELEASE OF STREET CAR EMPLOYEES CAUSES TWO STATEMENTS.

Men Say They Were Fired for Joining Union, and Supt. Wallace Gives Other Reasons.

There are two sides to the discharge last evening of three motormen heretofore employed by the street railway company, the men released claiming they were let out because they organized a union, while General Manager George C. Wallace, of the company, states they were fired because Motorman Bowland caused a wreck at Sixth and Madison streets yesterday and the other two employees became dissatisfied at Bowland's discharge.

Last night three motormen were let out, and they claim they were informed that the reason therefor was because they belonged to the union which was organized among the motormen and conductors last week. These three given their release contend further that they were informed that this morning one more motorman and one conductor would be fired from the service for the same reason, and that in addition another bunch would tonight have to give up their places because they affiliated with the organization.

Last night after the cars quit running the union members, numbering 38 employees, held a meeting at the Rogers hall on Twelfth and Broadway, and discussed things in general. They selected a committee of Conductors M. Boyd, Motorman A. L. Cowell and Motorman W. W. Nelson to call on the street car management this morning and have a conference regarding the controversy. This is the grievance committee.

General Manager George Wallace said last evening that unionism had nothing to do with the release of the three men, but that the owners intended running their own system to suit themselves. In explaining their side Mr. Wallace said that yesterday shortly before noon Motorman Bowland was standing on the front end of the North Sixth street car "ragging" Motorman Ed Russell, who had charge of the moving car, about unionism. Bowland was not at work, but was just on Russell's car coming downtown to report for duty. Mr. Wallace states that as a result of the conversation between the two Bowland engaged Russell's attention to the extent that the latter was not watching his business properly, with the result that the Sixth street car No. 55, crashed into the Rowlandtown car No. 66 which crosses Sixth at Madison street. The vestibule of car No. 55 was smashed to splinters and had to be sent to the repair shop. After the accident Mr. Wallace discharged Bowland because of his interference with Russell. Two other motormen became aggrieved because Bowland was fired, and became obstreperous to the extent that they were discharged also, so claims the management. There were passengers aboard the two cars, but fortunately none were hurt, although the cars were going pretty fast at the time. No. 66 was not damaged and continued running. It was in charge of Motorman Greenleaf.

The union motormen and conductors contend that the three were released because they belonged to the organization, and that the employees affiliating had been informed that the management intended letting out one at a time, all the union men, until every one of them had been released. Mr. Wallace claims there is nothing in this whatever.

There are twenty motormen and conductors who do not belong to the organized body.

Buffet luncheon will be served at Hawkins Bros. every evening, 417 Broadway.

BIRD DOG GONE

DR HANSBRO HAS LOST THREE BY THEFT IN PAST FEW MONTHS.

Mr. George Robertson Expects to Leave Shortly for His Winter's Stay in Arkansas.

Dr. W. L. Hansbro, the dentist, is minus another fine bird dog which some one has stolen from him at his home on Fountain avenue. This makes the third blooded animal that has been swiped from him in the last six months, and he has come to believe that thieves have a failing for his dogs in particular as none have ever shown up again after being taken away.

This latter animal was taken from the yard at his home several days ago and seems to have been spirited out of this section entirely as the dentist cannot find him high nor low, despite the fact a vigorous search was made. He feels the loss keenly as the animal was a first class hunter.

Leaves Shortly.

Mr. George Robertson, Jr., stated yesterday that if this chilly weather kept up he would get away by week after next, or the first of November, for his annual hunt to the wilds of Arkansas. He is now gathering together his big pack of hounds, and is waiting for frost to come and kill out the yellow fever down South. This death to the epidemic is inevitable if the present chilly weather keeps out, and Mr. Robertson believes he will be able to shortly take his departure for the winter.

PEACE TREATY EFFECTIVE WHEN EMPERORS SIGN IT.

End of War Not to Be Delayed Until the Formal Ratification.

Washington, Oct. 10.—The treaty of peace between Russia and Japan will become effective upon its approval without waiting the formal exchange of ratifications at Washington.

This information was imparted at the Japanese legation Tuesday. This course has been decided upon in order that the speediest possible termination of the war may take place.

The treaty, it is understood, has passed through the necessary preliminary stages of approval in each country, and is now before the respective emperors of Japan and Russia for the royal signatures.

As soon as it has been signed, this fact will be communicated by cable to the state department at Washington, and the Washington government will apprise each emperor of the act of the other. With this accomplished, the war will be at an end.

The formal exchange of ratifications will be carried out in Washington as soon thereafter as the signed treaties reach here.

BAKINGS CONTINUE.

Christian Church Ladies Will Have Charge Friday.

By an error it was stated yesterday that the Rhodes-Barford bakings would close tomorrow. This was the original programme, but the ladies of the First Christian church have taken Friday and will have charge that day, serving nice lunches and many good things to eat.

The trial trip of the gasoline motor car built for use on branches of the Union Pacific railroad, was recently made, and the car was pronounced a success. The run was made from Omaha to Valley, Nev., and return, a speed of fifty miles an hour being maintained and a maximum speed of 62.2 miles being attained at one point. It is reported that the Union Pacific company will rush the construction of these cars as fast as possible and place them on all the branches of the road.

ONE WITHDRAWS

COWPER QUILTS RACE FOR COUNTY ATTORNEY IN LIVINGSTON.

Circuit Clerk Parsons Brought Down Transcript in Suit of Stone vs. The Register.

Word last night over the long distance telephone to The Register was that today in the Smithland papers Judge W. Fred Cowper will announce his withdrawal from the race for the democratic nomination for county attorney of Livingston county. The withdrawal of Mr. Cowper will come as quite a surprise, as he was regarded as one of the leading candidates for the position, but he stated that on account of the short space of time in which to make the canvass, and the heavy cost incidental thereto, that he had decided to withdraw from the contest. The primary comes off one week from next Saturday and things are very warm there.

Circuit Clerk Here.

Circuit Clerk Parsons, of the circuit court at Smithland, is in the city, having come down yesterday to deliver the transcript of the suit of Elden Stone against The Register Newspaper company, wherein the plaintiff got \$350 damages against this paper for alleged libellous publication regarding him. The newspaper is appealing the proceeding to the appellate court, and for this purpose the transcript was made and brought here where it was turned over to Hendrick, Miller & Marble, the defendant's lawyers, who will today forward same to the higher court at Frankfort.

Resting Well.

Friends here will be pleased to learn that Miss Davis Cowper, of Smithland, is resting well and will shortly be able to get out. She had her lower limb fractured twice by being thrown from her buggy when the horse ran away several weeks ago.

County Clerk Here.

County Clerk George Landrum, of Smithland, is in the city on business, and expects to return home today.

IMMIGRATION AND QUARANTINE

The Programme to be Observed at Chattanooga Convention.

Chattanooga, Tenn., Oct. 10.—Governor John I. Cox, of this state will call to order the conference on immigration and quarantine which is to be held in this city November 9 and 10, and United States Senator J. B. Frazier will deliver the address of welcome to the congressional delegation. Mayor W. L. Friererson and L. G. Walker will also deliver addresses, which will be responded to by Governor Joseph W. Folk of Missouri; Charles P. Lane, president of the Alabama commercial association; M. J. Sanders, president of the progressive union, New Orleans, and John Temple Graves of the Atlanta News. Governor R. B. Glenn of North Carolina will deliver an address on "The South, Its Past, Present and Future." A. Britton, president of the New Orleans cotton exchange, will deliver an address on the "Commercial Aspect of Quarantine." Surgeon-General Wyman will talk on "Yellow Fever, Its Origin and Prevention." "Government control of Quarantine" is the title of an address to be delivered by Herman Meyers, Mayor of Savannah, Ga. Hon. Oscar Underwood, congressman from the Birmingham district, will open the general discussion on immigration. On the second day Secretary of Commerce and Labor Metcalf will deliver an address on "Immigration Laws and Their Operation," and "Citizenship, Its Duties and Responsibilities," will be discussed by Chancellor R. B. Fulton of the University of Mississippi.

HORSE AND

PHILADELPHIA TOOK YESTERDAY'S GAME FROM NEW YORK.

Each Club Has Won Game Now, and the Score Each Day Was the Same.

It is now "horse and horse" with the Philadelphia American League baseball team and the New York National League club, as each aggregation has taken one game of the series of seven they are playing for the championship of the world. An unusual incident also is the fact that yesterday Philadelphia won by the score of 3 to 0 from New York, while the day before, when they played the initial contest of the series, the New York club defeated the others by the same score.

Yesterday's game was in New York and the attendance was a record-breaker, as the ball park was jammed with thousands of sports witnessing the great battle.

The game yesterday was played at the New York polo grounds, and McGinnity and Bresbahan composed the battery for the Giants, while Bender and Schreck played in the box and on the slab for the Athletics. Sheridan and O'Day umpired the game.

Nothing has so thoroughly aroused the fans over the world as this series of games, and The Register office each night is kept busy giving a report of the day's result. The information is furnished cheerfully to everybody as this is the hottest town in the country of its size when it comes to "diamond work."

HITCHCOCK WOULD PUSH PROSECUTION.

Won't Consent to Dismissing of Indictments in Indian Territory.

Washington, Oct. 10.—Issue will be taken by the interior department with any action by the department of justice which would quash indictments found last spring at Muskogee in the school warrant cases in the Indian Territory. Report has reached officials of the interior department to the effect that influences have been at work in behalf of the member of a well-known Indian Territory law firm, the members of which are under indictment. The school-warrant cases were worked up jointly by the interior department and the department of justice and the officials of the interior department believe that there is good reason why the cases should be prosecuted.

Secretary Hitchcock is known to be much interested in the cases. A special investigation into the school warrant scandal has just been concluded by Charles W. Russell, special assistant to the attorney general. His report has been rendered to the president, and it is in this that the recommendation for dropping several of the cases is said to be made.

All the members of the law firm in question have been in Washington lately and are known to have brought such influences to bear that the president himself directed Mr. Russell to make the investigation. Mr. Russell's report will go to the secretary of the interior, and it may be said authoritatively that the secretary will investigate the whole matter thoroughly on his own account before he will acquiesce in a decision to drop any of the indictments.

Interest has been created in Matamoros, Mex., by the suggestion that the fiber of the papaya, commonly known as the Mexican papaya, would probably afford an admirable material for the manufacture of high-class paper. The fiber, in question is the full length of the tree trunk and appears to be strong and rather silky in texture. With the exception of the bark, the trunk is composed entirely of this fibrous material.

ONE YEAR TODAY

THE BOOKS OF THE CARNEGIE LIBRARY HAVE BEEN IN USE.

No Word Yet Received From Supply Houses Quoting Figures to Furnish New Books.

Today just one year ago there was opened the "circulating department" at the Carnegie library on Ninth and Broadway. This means that today ends the first year during which there has been circulated among the public the books at the library. The institution had its grand opening the evening of October 4, 1904, but it was not until one week thereafter that the books or "the circulating department" was ready for the public.

President Bagby, Librarian Miss Mamie Baynham and Assistant Librarian Miss Rubey Corbett, together with the directors, feel much gratified over the first years record of the fine institution, as the library has gradually grown into strong popularity and is the center of much activity as crowds call there each day to draw out the books and avail themselves of the unsurpassed opportunities afforded by the institution.

At the very outset it was evidenced the great demand existent for a library and gradually as the months have gone by the increase of patronage and interest has been steady, each month exceeding the preceding one. Thousands of books have been drawn out, and one nice thing to relate, the public has been unusually considerate and in nearly every instance returned the publications in good condition.

President Bagby has not yet received word from Wanamaker and McClurg, who are to make a bid for furnishing the list of new books to be ordered right away. They are different firms and whichever one quotes the lowest figure, will be given the contract to supply this list. Last year Wanamaker furnished the big consignment and an unusual feature was that that big Philadelphia house sold the institution here some of the books McClurg publishes, at a price much cheaper than McClurg himself wanted to charge.

The first annual statement issued yesterday by Miss Baynham, the librarian, shows as follows:

Borrower's cards issued, 6,069.
Books donated to library, 134.
Volumes in library, including public documents, 4,000.
Books circulated, 35,001.
Reference books used, 2,545.
Attendance, general reading room, 6,560.
Received from board Nov. 1904, \$10.
Collections from fines, reserves, new cards and lost books, \$171.15.
Sundry expenses, \$110.01.
Books and fixtures, \$4.58.
Cash on hand, \$19.03.
Books rebound, 90.
Books lost without record, 2.
Books repaired for past six months, per week 30.
No record of the Sunday attendance was kept because the building has not been opened on the Sabbath during the summer months.

TEXAS BANK CASHIER

COMMITTS SUICIDE.

Houston, Tex., Oct. 10.—F. B. Gray, cashier of the Commercial National bank of this city, shot himself twice with a revolver in his bed room early today, dying almost instantly. He was about 40 years of age and ranked high in Texas banking circles. There is no plausible reason for the act. The Commercial National bank is one of the strongest banks in Texas.

Dr. C. M. Shanley, formerly of North Dakota, but who owned a plantation near New Orleans and had done yeoman service during the plague, succumbed to the disease through devotion to caring for the sick.

A LAW TO RESTRICT MARRIAGES

(Lincoln, Neb., Cor. N. Y. World.) A bill is to be called in the marriage profession in Nebraska, if the Nebraska Homeopathic association has its way, and all applicants for marriage licenses, either man or woman, must undergo a thorough physical examination before they will be permitted to wed. A bill to this effect will be introduced into the next state legislature, and the homeopaths of the state will use every effort to have it passed.

The homeopaths believe that the spread of disease is due, more than to any other cause, to the fact that either the father or the mother of the children is afflicted with some disease which is transmitted to the offspring, or that one of the parents is not fully developed, and thus the human race is rendered less hardy and less able to withstand the inroads of diseases.

If the diseased man or woman can be kept from marrying and bringing children into the world the race would soon revive and a weak constitution would be a rarity, while tuberculosis and loathsome diseases would entirely disappear. The Nebraska homeopaths are working hand in glove with the members of the same school in Colorado, and a similar movement is under way in that state. Dr. A. C. Stewart, of Denver, is one of the prime movers in the effort to have the bills passed. He says:

"If we can impress upon the public the great benefits which will accrue to them if this bill passes, I believe there will be such a demand for its passage that no representative will dare vote against it."

"The passage of such a law would necessitate an independent board to make the examinations of applicants for marriage licenses. The board must be entirely non-sectarian and non-political, for its duties would be of such nature that great harm could be done if politics or petty jealousies should be permitted to creep in. The board must be carefully selected in order to protect and guard against graft and abuses of its power."

"My idea of the new law would be to deny licenses in all cases until the applicants have been submitted to a physical examination and have been pronounced as fit to raise a family. This examination must be conducted in the most ethical way; all publicity must be avoided. If an applicant is found suffering with tuberculosis, which, while not incurable, is hard to cure, and is transmitted from parents to their children; or from one disease in particular, the worst of many due to licentiousness, and which is responsible, either directly or indirectly, for four-fifths of the world's ills today, or from cancer, let a license be denied them, for they should not be allowed to perpetuate the disease through marriage."

"The rejection of the applicant must, of course, be kept perfectly and strictly private, but it must be recorded properly for reference."

"Then there is another thing which I consider to be of vastly more importance than the mere refusal of a marriage license. If the applicant is found by the examining board to be subject to any other disease, such as heart trouble, for instance, such is therefore likely to drop off at any time, he could be apprised of the fact by the board and could be placed on his guard. He could be warned that he must not run for a street car or overtax himself, must not attend banquets nor champagne suppers, and that he must lessen the strenuousness of his life or his days are numbered."

"If a woman was found to be unfit for the matrimonial state, through illness, she could be told that fact and could be advised to postpone the marriage for a time until her health improved. You would find that the number of unhappy marriages would decrease to a minimum and the divorce courts would cease to grind out their daily list of legal separations, marking the blighting of so many lives."

"Ill health on the part of the woman in the case is the cause of the great majority of divorces."

"According to the plan I suggest every man and woman could receive a rigid physical examination upon application for a marriage license, and from the reports the examiners could learn of the exact condition of their health, and if they had a bad record and were found subjects of any disease they could prepare to meet the onslaught of the disease and would not go blindly to their destruction."

"I hope that in the near future all western states will pass such a law as I have outlined. If they do, in the course of a few years you will find tuberculosis is so rare that people will go miles to see it, and that the other diseases will pass away entirely."

Low Rates to California. From September 15, to October 31, the Illinois Central Railroad company will sell one-way second-class tickets to San Francisco, Los Angeles, San Diego, Cal., for \$33.00.

Saleswomen's Peril

GRAVE DISEASES, DUE TO STANDING

Facts About Miss Merkle's Dangerous Illness and Complete Cure

Have you ever thought why so many women or girls rather walk an hour than stand still for ten minutes?

Miss Margaret Merkle

It is because most women suffer from some derangement of their delicate organism, the discomfort of which is less trying when they are in motion than when standing.

In some states laws compel employers to provide resting places for their female employees.

But no amount of law can regulate the hard tasks of these women. They must get the strength which this work demands or run the risk of serious diseases and the surgeon's knife.

Read about the experience of Miss Margaret Merkle, 275 8d Street, Milwaukee, Wis.:

Dear Mrs. Pinkham—

"Gradual loss of strength, nervousness, bearing-down pains and extreme irritation compelled me to seek medical advice. The doctor said I had ovarian trouble and ulceration of the womb, and advised an operation if I wanted to get well. I objected to this and decided to give Lydia E. Pinkham's Vegetable Compound a trial. I soon found that all the good things said about this great medicine were true. The ulceration soon healed, backache, headache and nervousness disappeared, and in a short time I was strong, vigorous and perfectly well. I wish every working girl who suffers would try Lydia E. Pinkham's Vegetable Compound."

Lydia E. Pinkham's Vegetable Compound is a vegetable tonic which invigorates and strengthens the entire female organism, and will produce the same beneficial results in the case of any sick woman as with Miss Merkle.

IN HIS VINYARD

CHURCH DEDICATION AT MURRAY LAST SUNDAY ATTRACTS MANY.

Mayfield Presbytery in Session at Highland Church, This County—Some Personal Notes.

(Mayfield Messenger, 9th.)

Elder Rogers L. Clark, Ruff Graham, Mrs. J. R. Lemon and others attended the church dedication at Murray Sunday. They report an interesting occasion and state that the church is a beauty in every respect. Elder Zack Sweeney, the famous divine of Columbus, Ind., preached the dedicatory sermon. About \$4,000 were made up, which finished the church debt and left the congregation in good condition. Large crowds attended from Benton, Hardin and other points and were royally entertained by the hospitable people of Murray.

The Mayfield Presbytery meets Tuesday at Highland church three and a half miles southwest of Paducah in a three days' session. Rev. J. E. Edwards will preach the opening sermon. Rev. Tom Logan and other ministers of this section will attend. The Presbytery meets at a church of which Rev. Fowlkes, of Paducah, is the pastor.

Rev. D. W. Fowlkes was in the city Sunday night, and preached an interesting sermon at the Presbyterian church. He left Monday morning for his home in Paducah. He is a very popular minister of the Cumberland Presbyterian church in this county.

Sunday was quite an enjoyable occasion at Symsonia. The Methodists at that place met in large numbers to hear their pastor Rev. Ed Wright and to provide ways and means by which to pay off all debts against the church at that place.

The large number of persons who joined the successful revival just closed at the Baptist church will be baptized tonight. A large crowd is expected to be present.

Eld. W. S. Long, of the Christian church, closed a series of meetings of 12 days Sunday at Mt. Pleasant. During the meeting, there were 26 additions to the church.

Eld. J. L. B. Darnell, of Trigg county, will preach tonight at the Primitive Baptist church on College street.

KILLED AT A PUBLIC MEETING

Jackson, Ky., Oct. 10.—Charles Robinson was shot and killed Sunday afternoon by Allen Creech, on Hunting creek, ten miles from Jackson. A political discussion caused the trouble. They met at a country gathering, with hundreds of people present. Creech was landed in jail this morning.

Newton C. Dougherty, former educator and banker of Peoria, Ill., is sent to jail, failing to give bond for \$64,000 on ninety-seven embezzlement and forgery indictments.

CLEVER SWINDLERS.

Although legions of swindlers have assumed the guise of princes and nobles, sometimes to their infinite profit, few have had sufficient insolence to pose as kings and as queens, and therefore the elderly female swindler who recently extracted some 10,000 pounds from the pockets of gullible Italians in Boston, Mass., by assuming the role of ex-Empress Carlotta, widow of the ill-fated Emperor Maximilian of Mexico, occupies a very distinguished position in the ranks of enterprising criminals.

Few swindlers have been more barefacedly grotesque, yet more cleverly worked, than that of bogus Carlotta, and it is safe to say that if she possessed the saving sense of humor her own ingenuity must have afforded her as much merriment as hard cash.

She arrived among the Boston Italians accompanied by a male confederate who posed as the late Crown Prince Rudolf of Austria, whom, it must be explained, thousands of ignorant people believed to be still alive, the notion being that his suicide was merely an imaginary affair, announced to the public in order to explain his disappearance, when, after a quarrel, the emperor cast him into a fortress prison in the determination that he should never reign over the dual kingdom.

The alleged object of their visit to the United States was the raising of funds for the purpose of effecting a very dramatic coup d'etat at Vienna, whereby the Emperor Francis Josef was to be deposed and the bogus Crown Prince Rudolf—who, it was explained, had escaped from prison without his father's knowledge—established in his stead.

The woman, who was the moving spirit in the whole swindle, issued bonds in return for hard cash, and these bonds were to be redeemed, with handsome interest added, within a short time of the coup d'etat; and in order to impress her contingent victims she held mock courts, to which they were invited, surrounded herself with the most cringing of flunkies, and attached a number of her stupidest victims to her suite. She always wore a crown at her courts, and the "quick refreshments" provided as a sort of "ground bait" were of the very best.

Nevertheless she occasionally encountered skeptics. She had various ways of converting them, however, and no one ever really suspected her until it was too late for suspicion to be of any use. On one occasion she took a party of prospective victims who required convincing that she was indeed the ex-Empress, in a boat into Boston harbor, where an Austrian cruiser happened to be, telling them that she would be recognized and saluted as only members of her royal house were. As the boat approached the cruiser verily a salute was fired, and her victims, being satisfied, were rowed back to shore, supremely ignorant of the fact that the firing of the salute was the customary one to the navy yard, which is always fired at a certain hour, and that the ex-empress had timed her visit to coincide with the salute.

An even more barefaced fraud was engineered in Paris some years back. A clever and daring gang of stamp forgers arrived in the "gay city" in elaborate eastern costumes, purely as the emperor of purely imaginary Asiatic empire and his suite. They were traveling for the benefit of His Majesty's health.

They put up at an excellent hotel and began enjoying themselves. At that time some absolutely unknown postage stamps filtered onto the market, creating no small sensation among philatelists and changing hands at excellent prices. Then it became known in the right circles that the actual aim of the eastern potentate was to blend business with pleasure; and, with the object of raising funds His Majesty had brought with him—or rather his chancellor had—a considerable quantity of the rare stamps in use in his country, which, being unknown in Europe and America, would, he had been advised, find a ready market in Paris.

What was the total amount of the "spoils" with which the Emperor and his suite left Paris when they felt the bubble was about to burst will probably never be known, but it certainly ran into many thousands of pounds, and very depressed indeed were dealers and collectors when they realized that they had only obtained a tiny lesson in geography and human nature in an indirect manner and at a dreadfully stiff price.

FOUND DEAD ON THE ROAD.

Bodies of Girl and Man Discovered, but No Clue to Slayer.

Haskell, I. T., Oct. 10.—The bodies of Miss Margaret Lindsay, a school teacher, and Joseph B. Young, a barber, were found Monday in the road three miles north of Haskell. There were no marks of violence on the bodies and a revolver was found near the scene. The couple were last seen alive on Sunday evening, when they drove out of Haskell in a buggy. The woman taught at the Stone Bluff county school, near Haskell. Young lived at Bixby. The sheriff has found no definite clues upon which to work.

AROUSING INTEREST.

Efforts to Have Prof. Behring Announce His Tuberculosis Cure.

New York, Oct. 10.—Prof. Behring's announcement to the International Tuberculosis congress in Paris of a cure for consumption has aroused wide-spread interest in America, says the Herald. The full reports and comments which have been fully cabled from Paris, have interested one of New York's wealthiest and best known citizens, whose name is withheld for the present. He has authorized the Herald to announce that he will contribute \$50,000 to a fund to present to Prof. Behring if he will at once announce to the world his treatment, and not withhold it for a year.

The only qualification to this offer is that the treatment must first be pronounced successful by a committee of physicians, of which the donor's physician is to be a member.

FINE SALT WELLS FOUND

Mt. Sterling, Ky., Oct. 10.—Two fine veins of salt water were found on the farm of J. M. Biggerstaff, near Springfield, today. The wells are at a depth of seventy-five feet. Neither can be pumped dry. A test was made by boiling five gallons of water, which produced one gallon of coarse salt. The wells will greatly increase the value of the property.

LOCAL NEWS

Mrs. E. L. Whitesides, osteopath, 609 1-2 Broadway; Phones, Old 1434 and New 761.

The John Robinson circus shows today at Metropolis.

The weather prediction for today is: Fair and cooler, with possibly light frost in early morning. The predictions for yesterday held good; there were showers and the atmosphere was much cooler, demanding fires and heavier clothing.

Miss Anna Wells, of South Third street, entertains Friday evening with progressive cinch at her home.

This morning shortly after midnight there returned through here the Louisville excursion train en route back to Mayfield from whence it started Sunday.

Yesterday there was buried at Oak Grove cemetery "Uncle Ransom" Shelton, the 70-year-old negro, who had been a familiar figure here all his life, and who died Monday night in his room being Capt. Austin Owen's house on Madison between Fifth and Sixth streets.

Mr. Z. T. Griffith, of Mayfield, is preparing to bring here and show in the coming horse show, his string of horses, he being awarded the Mayfield prize for the best span exhibited, while his wife won the lady driving contest. He is the son of Mrs. Laura Griffith, of this city.

The I. C. pay car reaches here next Tuesday to pay off.

Mr. and Mrs. Henry Sanders, of the Mayfield road, have a new boy at their home.

Telephone 417, Hawkins Bros., for oysters, celery etc.

SEVERAL DEATHS.

Father of Actress Dies While She Is Here—Mr. Driskell Buried.

Miss Effie Noble, member of the troupe playing yesterday at The Kentucky, received a message notifying here of the death at Decatur, Ill., of her father, but she remained with the company, being unable to reach Decatur in time for the funeral.

Yesterday afternoon the funeral services over the remains of Mr. G. W. Driskell were held at the home 602 North Fourteenth street, and followed with interment at Oak Grove cemetery. Rev. Chiles conducted the ceremonies.

Yesterday afternoon at the Woods cemetery in the county there was buried Mrs. Alice Salyers, who died the night before in the Sharpe neighborhood, of childbirth. The deceased was 22 years of age and the wife of Mr. Arthur Salyer, the farmer of that vicinity.

Trimble Street Bargain.

Five-room house, No. 1008 Trimble street; lot 45x160 feet to alley; fine neighborhood and one of the highest points in Paducah. This is a bargain at \$1,600; one-third cash, balance 1 and 2 years.

Whitmore Real Estate Agency, Fraternity building. Both phones 835.

Dr. Lillard D. Sanders has removed his office from the Trueheart building to his residence, 318 South Sixth street, opposite court house.

ABOUT THE PEOPLE

Mr. Richard B. Smith left yesterday morning for Chicago to attend McConnell's School of Optics.

City Physician W. J. Bass went down to the Florence Station neighborhood yesterday to visit his children. He returned last night.

Mr. James Lane, the clothier, has returned from spending several days with relatives down in the county.

Mr. and Mrs. William Voelke and children, of New Orleans, returned home yesterday after stopping over here several days to visit while en route home from the North.

Mr. Charles Brown and bride (nee Miss Adams) are expected here today from their wedding trip. They married last Saturday at Countryside, Ill.

Capt. Henry West, of St. Louis, is in the city.

Contractor Pat Halloran, of the Katterjohn construction works, is here from Cedar Bluff, where their plant is located.

Mrs. Lawrence Finn, of Franklin, Ky., is visiting Mrs. E. L. Whitesides, the osteopath.

Mr. Walter Stroud is here from Chicago visiting relatives.

Mr. and Mrs. H. Wallace Stevens were here yesterday the guests of Lawyer Lal Threlkeld. Mr. Stevens is general manager of the Old Governors Copper Mining and Smelting company of Boswell, New Mexico.

Lawyer John G. Miller and Judge Wm. Marble have returned from Princeton.

Prof. C. A. Norvell has returned from visiting in Cape Girardeau, Mo.

Mrs. Houston Fall and Miss Anna Parks, of Nashville, arrive next Tuesday to attend the horse show and be guests of Mrs. Robert B. Phillips.

Dr. Cliff Reynolds has returned from visiting in Mayfield.

Mr. R. A. Doyle and wife, of East Prairie, Mo., are visiting here.

Dr. B. B. Griffith has returned from Louisville, where he underwent an operation at the St. Joseph infirmary.

Dr. J. B. Garber, the veterinarian, returned yesterday from Watseka, Ill., and says he arranged for seven fine German-coach horses to come here for the horse show next week. They are coming merely for inspection and not for riding. One is worth \$10,000, and took first premium at the World's fair.

Mr. Louis Rieke last night went to New York.

Dr. E. B. Flint, of Folsomdale, is here visiting, and may locate in the city.

Mr. John Curd went yesterday at noon to Louisville to locate.

Mr. Frank Dugan has returned from visiting in Golconda, Ill.

Officer Samuel Beades returned yesterday from visiting in Wingo.

Rev. T. B. Rouse has returned from attending a Baptist meeting at Stubblefield, Graves county.

Mr. Tim Murphy was here yesterday en route from Cairo to Dawson for a sojourn.

You get the best that money can produce both in our cafe and candies. Hawkins Bros., 417 Broadway.

WATER NOTICE.

PATRONS OF THE WATER COMPANY SHOULD REMEMBER THAT THEIR RENTS EXPIRED SEPTEMBER 30. THOSE WHO DESIRE TO RENEW THEM SHOULD DO SO BEFORE IT IS FORGOTTEN, AS ALL PREMISES NOT PAID ON OR BEFORE THE TENTH OF OCTOBER WILL BE SHUT OFF.

DR. OUCHTERLONY IS DEAD

Was Louisville Physician, Surgeon, Author and Professor.

Louisville, Ky., Oct. 10.—Doctor John A. Ouchterlony, physician, surgeon, author and professor, died last night of a complication of diseases.

Doctor Ouchterlony was one of the founders of the Louisville Medical college, and has occupied chairs in medical colleges in many cities.

He was knighted several years by King Oscar of Sweden, and by the late Pope Leo XIII. He was 67 years old.

Candies made pure and fresh daily. Hawkins Bros., 417 Broadway. Factory Seventh and Tennessee streets.

Father D. S. Phelan, back from Europe, says St. Louis is now better known abroad than Chicago. He had three private audiences with Pipe.

AMONG THE SICK

MR. HARRY RHODES CONFINED ABED AT HIS RESIDENCE.

Constable Phil Hisey Shows Slight Improvement With Paralysis—Others Ailing.

Manager Harry C. Rhodes, of the Rhodes-Burford establishment, is confined at his home on West Jefferson street with illness. Just as soon as he is able to get up he will call together the committee looking after the Methodist college project.

Constable Phil Hisey was a little better yesterday with his paralytic stroke that confines him at the residence of his daughter, Mrs. Dr. Lillard Sanders, of South Sixth street near Clark.

Mr. E. Rehkopf was yesterday confined to his room at his home on Washington near Fifth streets. He is sick, but not seriously so.

Mrs. Lawrence Rasor was yesterday at Riverside hospital operated on for mastoidomy.

Mr. John Iseman is confined with appendicitis at Riverside hospital. He is the clerk at Thompson's soda fountain and confectionary.

Mr. Louis Friant, former policeman, was yesterday admitted to Riverside hospital, to be operated on for cataract over the eye.

The little daughter of Albert Dosssett, of 2339 Broadway, has developed scarlet fever, while the child of Enoch Fletcher, of 1808 Bridge street, has contracted the disease also.

Mrs. Dr. Mac Hill is confined at Riverside hospital with nervous prostration.

Mrs. Yetta Anspacher is quite ill at her home on North Sixth street.

An up to date place is Hawkins Bros. Our business has been phenomenal.

LAMP EXPLODED.

Small Loss by Fire Occurred at Boswell Home Last Night.

Last night about 10:15 o'clock the Nos. 1 and 4 fire departments were called to the home of Mr. Thomas Boswell, 417 Jackson street, on account of a small blaze that started in the kitchen by the explosion of a lamp. The fire was getting under good headway when there arrived the departments which quickly extinguished the flame. The loss will amount to about \$75.
